REGENYAL

sun care

Very High Protection SPF 50+ *Bio-revitalizing Action*

PROPERTIES | Manufactured according to an innovative formulation this sunscreen offers a very high protection and a bio-revitalizing action provided for by Hyaluronic Acid and P.A.F. contained in it. The Hyaluronic Acid stimulates cellular regeneration and gives an intense moisture. Contemporarily the P.A.F. provides for nourishing, energising and firming action, thanks to its ingredients which are, respectively, Colostrum, Dunaliella salina microalgae and Palmitoyl Tripeptide-5. Melatonin, Vitamin C and Vitamin E guarantee protection from damages caused by free radicals, while Rue, Arnica and Echinacea contribute to, both the preserving of capillary integrity and the prevention of erythema.

INDICATIONS | The product is indicated for every type of skin and offers an efficient protection from both, UVA and UVB ultraviolet radiations.

with **HYALURONIC ACID**
& **P.A.F. (Polyvalent Anti-aging Factor)**

INSTRUCTIONS FOR USE | Apply an adequate quantity of the product onto areas to be protected, before sunning. Repeat the application every 2 hours and after swimming.

CONTRAINDICATIONS | Do not use in case of known hypersensitivity to one of the components of the product.

PRECAUTIONS FOR USE | Avoid sunning in the hottest time of the day. Keep out of children's reach. Do not ingest. Close well the tube after use. Do not use after the expiry date indicated on the package.

FORM | tube of 50 ml
